Christmas once again! Let's all enjoy it, and forget our worries.

M. S. Hirdle is putting on a big Christmas special on Xmas night at the annual ball, in addition to the regular Wednesday show. Everyone should get out and enjoy it. Support your local amusements.

The bargains offered by the local stores during the last few weeks have been largely taken advantage of, and the prices are bringing customers from long distances. Keep up the good work.

If your subscription is due or over due by the end of the year, you will do us a good turn, and yourself as well by paying us now, or you can give your subscription to anyone of the radio boys, and help him in the competition. Radio suits are double value until the end of the year.

Mrs. Kildee and daughter left on Saturday for Toledo, Ohio, on a three month visit.

Have you had your slates on the hockey rink yet?

Nightclubs and Strathmore met in a closely fought hockey game at the Strathmore rink on Friday afternoon, the former emerging victorious by 2-1 score.

Probably it is owing to the near approach of the Xmas season that some of our correspondents are indulging in a broad vein of humor in this issue. A little merriment now and then is entitled by the wisest men.

Prices realized at the sale of Mr. F. A. Côté's farm assets on Tuesday by Mr. J. W. Durno seem to show that there is still money in the country. One milk cow fetched \$97.50, while six high as \$210 was realized for a team of horses. Furniture and machinery also sold well, and Mr. Côté is very well satisfied.

A sketch with the above title, produced by Strathmore Amateurs drew a big crowd to the Strathmore Hall on Friday evening, and it was a very appreciative audience too.

The sketch was well acted through-out, and an exceptionally good amateur production. The principal characters were as follows: Professor John Wain (a poor married man) G. H. Vickers; Dr. John Graham, (a country physician) M. S. Tallman; Billy Blake, (a popular college boy) Harry Baker; Junior Joe (a black tramp) W. Gray; Mrs. Jones Ford (aunt mother-in-law) Miss E. M. Fairlie; Zoe (her charming daughter) Miss E. Pope; June Graham, (a little freshman) Miss A. James; Ross-John-Wilson (a college reporter, Miss J. James; not forgetting Spoodle, the dog.

It would be individuals to make any comparison, all the artists performed their parts very competently, and received great appreciation from the audience.

During the intervals Mr. Leonard Ledwell gave several songs and Mr. Benly Pleaser violin solos, both being heartily applauded.

An enjoyable dance followed the concert, music being provided by Hill's orchestra, while supper was served by the Ladies Auxiliary of the C.N.E.A.

The entire proceeds, less expenses, were handed to the Strathmore Hockey Club, who will benefit to a substantial amount, and they thank the amateurs for their efforts on their behalf.

Mr. Jack Walls died today (Wednesday) at Calgary.

Look up the label on your subscription and see if you are paid up. The figures after the month are the last two of the year to which you are paid.

## Union Church Choir Concert

The Choir Concert of the Union Church given in the church on Monday evening proved a pure treat. "The Christmas King" cantata by the choir was much appreciated. The quality of music rendered is not rarely surpassed by the cantata speakers volume on the "Gloria" and "Agnus Dei" by the choir members and the leader, Mr. J. W. Pope.

The second part of the programme was carried out in a manner which left nothing to be desired. "Miss Elford" upheld her fine reputation as a vocalist, as did Mrs. Thompson. St. Patrick sang in good form and Mr. Pleaser gave great delight with his violin selections. Mr. Ledwell was received with the utmost appreciation, giving generously of his fine voice.

Report was expressed because Dr. Givins was unable to be present until the programme ended.

The accompanists, Mrs. Hirdle in the cantata, Mrs. Thompson, Miss Elford and Mrs. Burdett in the second part were most excellent. Some points have declared that Strathmore probably never had a finer concert.

Alberta produced in 1922 ten million dollars' worth more in products of the land and livestock than in 1921, according to annual statistics which have been compiled by the Federal Bureau of the Department of Agriculture, in co-operation with the Dominion Bureau of Statistics. Products of the land in 1921 including value of livestock slaughtered and sold, totaled \$117,152,000 and the estimate of this year's value of production is placed at \$127,224,000.

The increase comes chiefly in the products of grain in the province this year, and in the substantial increase in dairy products. The quantity of wheat products show an in-

crease of about ten million bushels, although the average per acre is less than last year. The average price per bushel is slightly higher this year than last year.

It is estimated that there will be about 62,000,000 bushels of wheat at the year's end, the average price received for the farmer being about 23 cents. The total value of all field crops this season is placed at \$51,500,000 as compared to \$52,700,000 last year.

A big drop is shown in the value of animals slaughtered and sold. Last year this figure was \$17,200,000, this year it is placed at \$13,185,000.

The increase in dairy products and their value is rather remarkable. Although the number of dairy cows in the province is less than last year, and although the general market for creamery butter was lower than last year, value of dairy products shows an increase this year of a million dollars. More than 2,000,000 lbs. of the creamery butter was made in the pro-

vince this year than last, the figures being 12,000,000 for last year and 13,185,000 for this year. The amount of factory cheese also shows an increase from 588,600 pounds to 975,000 pounds.

Livestock in the province show a shrinkage from last year, the value of stock in the province this year being set at \$104,200,000, while last year it totaled \$125,800,000.

Sidelights on Social Amelities

There are signs of some activities for amusements in the near future.

A Christmas party will be held in the church on Friday under the direction of the lady school teacher. A Christmas tree with gifts for each child, will be very much in evidence. Plans for the party will be there to hand out the presents and to hear the wishes of each child as to what they want to find in their stockings on Christmas morning.

Another move in the same direction as regards entertainment, is a play that will be put on in January. The play is entitled "The School Man." Quite a large cast is necessary and will be under the direction of Mr. Lonsdale.

Mrs. Bill Brown entertained at the second time lately. The ladies enjoyed the afternoon at her home in the evening.

Christmas turkey shoot of the season will be held on Wednesday at High House.

Among those who will spend the holiday in Calgary are Messrs. A. Jensen and MacCallum and Mrs. Jensen and Smith and Smith.

The parents of the school children should visit the school to see the handiwork of pupils in Canada, and to a great deal of trouble to decorate the room for Christmas.

## THRESHING RETURN

Reports from 1419 threshers have not been received by the Department of Agriculture, and the crop averages for the entire province are shown by these returns as follows: 1910, 11 bushels, winter wheat 11.10 bushels; oats 11 bushels; barley 11.10 bushels; rye 8.10 bushels; and 12 bushels.

## A COMICAL JOKE

On a fine November day in the month of May, an old fellow about seventy years of age was sitting on a bench of a round table reading a book which was closed on the floor. He was sitting under a maple tree and long in which a candle was burning. He saw a shadow, jumped up to see it. He looked on his face and saw that it was and pointed to his watch and drove they pulled at the hour. He jumped against an electric street car which was taking a good time. He saw a shadow and pulled it up with his hand in his face, and he didn't know it yet.

Mr. Wm. Laurie is agent for the Standard at Carlsland, and copies of this paper may be obtained from him. Subscriptions, adv. and job printing orders will be given prompt attention.

For some little time past we have been receiving communications of a somewhat character from Friend and Namaka regarding the dislocation of an unnamed teacher and his friend, written in a somewhat satirical vein. In the following communication a champion advice for the business. We think however, that after the publication of this correspondence, it will be called, but better than following in the latest episode.

## THE FIRST HUNDRED YEARS AGE

## THE HARDEST

It is mentioned by the local press that the teacher was getting very popular throughout the district and was being called "Buddy" by the students. There are no exceptions there. So far we are not wondering what that friend was in need of that had the advertisement of trying to get a better name. Who's needed the name the most, however, or, or culture? But then, the teacher, of course, had the most chance of being to fight and didn't realize that the friend was giving him a chance to just come and stomach all the criticism that had already happened. Both were obliged to accompany the lady friend home. This must have made him with that the "Buddy" was at hand. Five dollars and a dance with a lady friend would have been a reasonable offer then. The long walk made him wipe the sweat from the rubber collar and explaining to the lady friend how all this had happened made him seem to be the first hundred years old in the being the teacher. This, then, we already have to admit that his trousers, because he then would have to get out of the "Buddy" school. It must have made the chain on his little brown spectacles tinkle his brain when he learned he had no opportunity in the district. It seemed to be a certainty that he extended a special invitation for another one of the lady friend, so in line with him and help him and his good old experience their opinion of him in the local paper. But then, the first was not as strong as may be expected from a school teacher, an executive, rather a graduate, and a teacher.

Everyone does not agree with the "Buddy" friend as to the value of the fair sex. You often hear the famous planter amongst themselves as to the winning of the rich ranchman. Such was the case in the "Buddy" friend last spring. After the day's work had been laid aside the would travel for most of the afternoon the members of the household that she would spend the weekend in Strathmore. She would then not go to see "Buddy" for a visit. This was about the time when he seemed to be in a floating boat. Upon arriving at the ranch she would visit with the employees until "Buddy" was ready for the horse light drive into Strathmore. There he would be welcomed to his home. The teacher, in some measure of children's relief.

And on closing, we all hope the "Buddy" friend will continue the "Buddy" father and Tony. I am, yours for more such advice, RANT WRIGHT

## Valuable Books Free

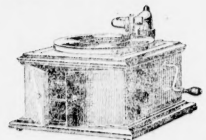

The man or woman who is acquainted with The Family Herald and Weekly Star of Montreal have reason to wonder how, in these days of rapidly increasing postage rates, the publishers can continue to turn out a paper of acceptance every week charged with the best of modern matter suited to all tastes and properly illustrated by original engraving—all for the modest sum of two dollars per year.

And now, keeping this perspective view, the publishers announce the distribution of a limited number of valuable books, free of charge, to new subscribers and to present subscribers as rewards for sending in new subscriptions. Anyone of five books may be selected (1) "The New Farm Manual," compiled and published by The Family Herald and Weekly Star without question the best of reference ever offered to the Canadian farmer; (2) "The Family Herald Book," complete, accurate, non-technical; (3) "100 of the Best Songs"; (4) "100 Singing Games"; (5) "Album of Sacred Songs." Truly this is a great value in full measure, pressed down and running over. The Family Herald announces that this remarkable offer is made for a limited period only, and the rule is, first come, first served. The books will not be sold for cash at any price.

### FOREIGN BORN STUDENTS

Thirteen non-English students have entered the Vermillion School of Agriculture and are now taking the regular course. Reports from the school indicate that the new students are making good progress.

Winnipeg, Alta.—Work has just been completed on the C.P.R. bridge, Hardisty, after a great deal of labor has been spent on it. The trestle was begun in 1905, when the railway came to Hardisty, and trains ran over in 1908. The trestle is 2,714 ft. long, 70 ft. high, and has 11,500,000 lb. board measure of lumber, as well as 27,000 tons of piling. It is estimated that it has taken 800,000 tons of material to make the full. The present bridge prevents a safe and perfect means of transit.
